

EKU CORRECTIONAL SAFETY OFFICER CERTIFICATE PROGRAM

This 40-hour training program (4.0 CEU's) is designed specifically for safety/fire officers working inside a correctional setting. The program will include related general industry standards in correctional settings, as well as a review of the American Correctional Association Standards related to fire and safety which are critical in preparing for ACA accreditation.

This program recognizes the challenges faced by Safety Officers as they comply with OSHA Standards, ACA Standards, and the individual policies and procedures of their correctional institution. The program is based upon a job analysis completed with high performing incumbent workers in the Correctional Safety Officer position.

Topics will include:

- Exit Routes & Emergency Action Plans
- ACA Accreditation & OSHA Standards
- How to Conduct Safety Meeting for Correctional Staff & Correctional Industries
- Safety & Health Correction Programs
- Recordkeeping
- Safety Audits in Correctional Settings
- Walking & Working Surfaces
- Managing Hazardous Materials-flammable, toxic, caustic
- Machine Guarding
- Lockout/Tagout Standards
- Accident Prevention & Investigation
